EXPERIENCE

Dukstra, Cape Town (Remote) — *EmberJs Developer*

JANUARY 2018 - MAY 2018

On getting into the project, i helped clear the bugs list and fix some non conventional ember.js patterns used.

CommonCode, Melbourne (Remote) — *Frontend Developer*

JULY 2017 - JANUARY 2018

I worked first on an Angular 1 project. I helped bring in an auth feature. After that, i helped maintain a reactJs and a meteor project.

TheZebra, Austin, TX (Remote) — *Frontend, SEO Team*

DECEMBER 2016 - PRESENT

I help transform design mock-ups to front-end code. Improve content that helps in SEO. Also, I add features and fix bugs on the site.

Sciensa, Brazil (Remote) — *EmberJs Specialist*

JULY 2016 - MARCH 2018

I worked with the sciensa team to help execute big and complex projects for clients.

AccessMobile, Uganda (Remote) — *Frontend developer*

DECEMBER 2015 - NOVEMBER 2016

I helped the team on a project to build from ground up. I worked on a revamp for the marketing site.

Andela, Lagos — *Software developer*

MARCH 2015 - PRESENT

Andela invests in Africa's most talented developers and integrates them into the world's best tech teams.
